

Additional Item Numbers for EL Versions of Congressional Publications Created

As part of LSCM's continuing efforts to break out item numbers for EL versions of publications when possible, the following item numbers have been created. These new item numbers will also be published in the next paper edition of Administrative Notes Technical Supplement (ANTS) as well as in the [interim WEBTech Notes Excel file](#). These records will not be added to the WEBTech Notes application until the official launch of the application.
